

# Kubota KH-66 Excavator Workshop Service Manual.

This edition of service manual for Kubota KH-66 Excavator was primarily published to be used by mechanical technicians who are already familiar with all service procedures relating to BRP products.

This manual covers the repair and overhaul of Kubota KH-66 Excavator cars and assumes that the technician is fully conversant with general automobile practices. The repair procedures outlined in this manual emphasize the special aspects of the product. This will enable you to build and maintain a reputation of quality service.

The manual includes instructions on components manufactured for Kubota KH-66 Excavator. For repairs of proprietary components the instructions of the respective component manufacturers are included in this manual. The purpose behind incorporating these instructions in this manual is to enable technicians to understand their functions properly and thus judge the performance of the car as a whole.

The manual provides the most reliable information.

The aim of this manual is to help you get the best value from your Kubota KH-66 Excavator.

This manual includes many of the specifications and procedures that were available in an authorized Kubota KH-66 Excavator dealer service department.

This manual for Kubota KH-66 Excavator emphasizes particular information denoted by the wording and symbols: WARNING, CAUTION, NOTE.

It provides information and procedures for routine maintenance and servicing. It offers diagnostic and repair procedures to follow when trouble occurs.

For many simpler jobs, doing it yourself may be quicker than arranging an appointment to get the Kubota KH-66 Excavator into a dealer and making the trips to leave it and pick it up.

A lot of money can be saved by avoiding the expense the shop must pass on to you to cover its labour and overhead costs.
